Engineering

Engineering is the application of knowledge in the form of science, mathematics, and empirical evidence, to the innovation, design, construction, operation and maintenance of structures, machines, materials, software, devices, systems, processes, and organizations. The discipline of engineering encompasses a broad range of more specialized fields of engineering, each with a more specific ...

Guatemalan Civil War

The Guatemalan Civil War ran from 1960 to 1996. It was fought between the government of Guatemala and various leftist rebel groups supported chiefly by ethnic Maya indigenous people and Ladino peasants, who together make up the rural poor. The government forces of Guatemala have been condemned for committing genocide against the Maya population of Guatemala during the civil war and for ...
