Chapter 6 – Hydrology

VDOT Drainage Manual 6-3 of 37 Chapter 6 – Hydrology 6.2 Design Policy 6.2.1 Introduction The following sections summarize the policies which should be followed for hydrologic analysis for VDOT roadways. For a more detailed discussion refer to the publications, AASHTO Highway Drainage Guidelines (2007), and the AASHTO Drainage Manual

TDOT DESIGN DIVISION DRAINAGE MANUAL

For this manual, hydrology will consist of estimating storm water runoff discharge rates and/or volumes from precipitation for the design of the highway drainage system and any required cross drainage structures.

Highway Drainage Design Manual ~ Hydrology

The Highway Drainage Design Manual, Hydrology, is intended to provide guidance for the performance of flood hydrology for Arizona Department of Transportation (ADOT) drainage design. Two analytic methods are presented, herein, to determine design discharges, and those two methods are to be used mainly for ungaged watersheds. The two analytic

Sacramento City/County Drainage Manual Volume 2: Hydrology ...

Volume 2 of the Sacramento City/County Drainage Manual can be downloaded here in PDF format. The Manual consists of 14 Chapters, the SDP and SACPRE programs, and a set of soil maps for the Sacramento County area. In order to make for easier download, the manual has been divided into parts.

HYDROLOGY MANUAL

This manual compiles information from previous editions of the County of Los Angeles Hydrology Manual, the 2002 Hydrology Manual Addendum, and other reference materials. The standards set forth in this manual govern all hydrology calculations done under Public Works' jurisdiction. Hydrologic

Drainage Manual

Drainage Manual. The MnDOT Drainage Manual contains design criteria and basic working knowledge of hydrology and hydraulic design for use in the design and evaluation of highway drainage features. Contact Andrea Hendrickson, andrea.hendrickson@state.mn.us, with questions about the manual.

Publications

The Hydraulics Manual provides detailed information on hydrologic and hydraulic analysis related to highway design. This manual should be used in conjunction with the WSDOT Highway Runoff Manual and the WSDOT Design Manual, specifically Section 1210.

Roadway Engineering

Hydrology Data and Application Downloads The following are executable files that may be downloaded by users to save and run on their own computers. Rainfall Averaging Tool and Data

Hydrology Manual

Hydrology Manual. Hydrology Manual If you have trouble downloading the manual, please contact Anthony Barry at 858-694-2707 Reports: ... If you see a County storm drainage system in need of maintenance, contact the County Department of Public Works Field Operations staff at (619) 443-1260 weekdays or contact the Stormwater Hotline at 1(888) 846 ...
