Home Health Aides and Personal Care Aides : Occupational ...

Home health aides and personal care aides help people with disabilities, chronic illnesses, or cognitive impairment by assisting in their daily living activities. They often help older adults who need assistance. In some states, home health aides may be able to give a client medication or check the client's vital signs under the direction of a nurse or other healthcare practitioner.

Disability

According to many definitions, a disability is an impairment that may be cognitive, developmental, intellectual, mental, physical, sensory, or some combination of these. Other definitions describe disability as the societal disadvantage arising from such impairments. Disability substantially affects a person's life activities and may be present from birth or occur during a person's lifetime.
