### **Shepard and Benjamin. User Fees in Health Financing in ...**

Likewise, as a 'decisive' policy to cushion the existing challenges facing health care financing in the region, a critical assessment of the assertions of proponents of user fees who use the principle of cost recovery and revenue mobilization to drive the concept of rational utilization, efficiency and equitable distribution of health care services is often exaggerated.

### **Health Care Around the World — Global Issues**

Health care in developing countries. Heart disease, stroke and diabetes cause billions of dollars in losses of national income each year in the world's most populous nations. Economic analysis suggests that each 10% rise in NCDs is associated with 0.5% lower rates of annual economic growth.

### **Social determinants approaches to public health**

in Human Reproduction (HRP), and Alliance for Health Policy and Systems Research (AHPSR). The case studies describe a wealth of experiences with implementing public health programmes that intend to address social determinants and to have a great impact on health equity.
