## Fanuc 18t Parameters for Live tool Generating with G101

I know this would work on a 1990's model Star SR-20 machine, and I have the same control as that machine. (Fanuc 18T) So I just can't believe I will not be able to do what I want with the Hardinge. On the Star machines I used the G101, and the G118 to cut radiuses with mills.
